

Occupational Health and Safety Policy

Watercon is committed to achieving the highest standard of performance for the Health and Safety of its employees and visitors. We recognize that safety is a key performance indicator and that if we are to achieve our operating and business objectives in the most effective and efficient way, adherence to high standards of performance is essential.

It is our aim to protect personnel from injury, illness and hardship and to establish operational methods that demonstrate a responsible attitude to safety.

Our policy objectives will be achieved by:

- Consideration of health and safety issues at all stages of production to eliminate or control hazards;
- Ensure all personnel are competent and suitably skilled to undertake the duties for which they are employed in a productive and safe manner;
- Developing a continuous programme of education and training to enhance skills and increase health and safety awareness;
- Ensure all employees understand and accept their health and safety responsibilities and are held accountable for those matters within their control;
- Provide an effective system of injury management and rehabilitation;
